Tap Magic Formula 1 Aqueous and Formula 2 Eco-Oil are two environmentally-friendly cutting fluids that deliver outstanding performance for virtually all metal cutting operations, and help promote longer tool life.

Both formulations are completely biodegradable, and both contain the proprietary additive EP-X³® for a synergistic boost in performance.

Tap Magic Formula 1 Aqueous has a special water base that, unlike most water-based fluids, is non-corrosive. This super-safe fluid provides superior cooling and minimizes clean up. It is recommended for all metals except magnesium.

Tap Magic Formula 2 Eco-Oil has a unique base of natural oil that resists smoking and fuming, making this fluid ideal for applications that require extended cutting time or produce a lot of heat. Formula 2 Eco-Oil is effective on all metals.

OTHER FORMULAS

Tap Magic Formula 1 Aqueous and Formula 2 Eco-Oil are joined by a number of other Tap Magic Cutting Fluids, each carefully engineered for maximum effectiveness in specific applications.

- Tap Magic with EP-X³® is an ozone-friendly formula that's without equal on hard metals and extreme-pressure cuts of long duration.

- Tap Magic ProTAP® is our original biodegradable formula, is an outstanding all-purpose cutting fluid that's totally free of all regulated chemicals.

- Tap Magic Aluminum is specifically formulated for excellent results on aluminum.
